12 ALL JA SSTVERS GATHERING
The metting was held at Kanazawa city,Isikawa on May 25,26 02
73 sstvers attented (which included families) good time was had by all
JH2ESW,Gosima talked about AO-40 satellite SSTV eagerly
It was hosted by JA9AXJ Soeda and JA9,0 members
Thanks JA1XVY for the report

Item of note:
A lot of complaints about sstv content was brought up at dayton metting seems like most sstvers dont like nude or suggestive pictures being sent over the air.I think that you all are grown ups and even i like bikini shots i think thats as far as it should go.Please send no sstv pics that you would not want your young childern to see.I think this is a good guide to go by.

---

computers and sstv
As most of you know the ibm pc is the computer of choice for hams and the software selection is great.Thanks should go out to all that made such great software available for use.So thanks to

the hours you guys put into debugging software for the pc (you know who you are)from all the hams world wide BIG THANKS !!!!!

   I will try and send out 1 news letter a month.Hope i can keep up the good job RAY W5NOO did as editor.   wordpad document format.............good sstving   MEL
